Securities purchased and/or pledged, hypothecated and/or assigned must be on B2B Bank's Investment Loan eligible list. In the event that Securities purchased with the Loan proceeds are not on B2B Bank's Investment Loan eligible list, I/we will bear all liability for losses, fees, and other costs incurred to replace them with Securities on B2B Bank's Investment Loan eligible list, otherwise such Securities will be sold and I/we will be required to pay any deficiency resulting from the Loan exceeding the Net Proceeds of the Securities.

7. Application for and disbursement of Loan

I (and in the case of a Co-Borrower, We) hereby apply for a loan (the "Loan") in the amount and upon the terms and conditions mentioned in the present application form and sections 1 to 32 of the Terms and Conditions of this Agreement (collectively the "Agreement"). I/We hereby authorize and direct B2B Bank (the "Bank"), upon approval of this application, to advance and disburse the Loan proceeds to the Account Administrator, on my/our behalf, or the insurance company and to pay on my account any ancillary fees or commissions. The foregoing authorization is irrevocable except as set forth in sections 14 and 32 of the Terms and Conditions.

I/We authorize the Bank to provide the Account Administrator and/or Insurer with notice of the hypothecation and pledge to the Bank as set forth in these Terms and Conditions or where the Securities for the Loan are Segregated Funds, the Assignment, Hypothecation, Acknowledgement and Direction (collectively, the "Security Documents") signed by me/us in relation to the Loan and to notify the Account Administrator and/or Insurer to accept instruction from me/us in relation to Securities, Contracts and other assets hypothecated and pledged in connection with the Loan and permitted under the Agreement or as permitted under the Security Documents in the case of Segregated Funds. I/We acknowledge that providing and delivering this instruction to the Bank constitutes delivery by me/us to the Account Administrator/Insurer.

I/We authorize the exchange of information with the Account Administrator and/or Insurer pertaining to the insurance policy (the "Insurance Policy") which I/we propose to assign and hypothecate to the Bank in consideration of the Bank advancing the Loan. Such information exchange with the Insurer will contain, but not be limited to, confirming ownership of the Insurance Policy, the death benefit and the cash value of the Insurance Policy, nature of the beneficiary of the Insurance Policy and whether the Insurance Policy has been assigned or hypothecated to another party. The same applies, with any necessary modification, to any premium deposit account or side account existing with respect to the Insurance Policy.

8. Demand note

Pursuant to this Agreement, and upon advancement of the Loan proceeds, for value received, I/we hereby promise to pay on demand to the order of the Bank at 199 Bay Street, Suite 600 PO Box 279 STN Commerce Court Toronto, Ontario M5L 0A2 the amount of _____

_____ dollars (\$ _____), (the "Principal") with interest thereon at a rate equal to prime rate + _____ % per annum.

The Prime Rate in effect from time to time (the "Variable Interest Rate") such interest to be calculated daily and payable monthly from the date that the Loan proceeds are advanced, both before and after demand, default or judgement, until payment in full, with interest at the same rate on all overdue interest. On the date hereof, the Prime Rate is _____% per annum. Prime Rate means the annual interest rate announced by the Bank from time to time as being its reference rate then in effect (the "Prime Rate"). The current Prime Rate is available on the Bank's web site, **b2bbank.com** or by calling B2B Bank at 1.800.263.8349. I/We agree that the applicable Variable Interest Rate may, for interest computation purposes, change without notice upon each change in the Prime Rate and I/we acknowledge that the cost of borrowing for the Loan may vary based on changes to that Prime Rate. I/We acknowledge that a written statement by the Bank setting forth the Prime Rate at any specified time shall be conclusive proof of the Prime Rate absent manifest error. I/We hereby waive all delays, days of grace, presentment, notice of non-payment, notice of dishonour, protest, notice of protest and all other formalities with respect hereto. I/We hereby acknowledge that the Bank, in its sole discretion, may at any time demand the full payment of the Loan. Furthermore, and without limiting the generality of the foregoing, the Loan will become immediately repayable on the occurrence of any event outlined in paragraph 13 of the Terms and Conditions herein.

9. Repayment options

Upon advancement of the Loan proceeds, although the Loan is repayable on demand, I/we shall, in the manner set out herein, subject to any revised payment schedule and until such time as the Loan is repaid or a demand for repayment is made by the Bank, make monthly payments (the "Instalments") of the lesser of (i) the monthly payment due, and (ii) any and all amounts outstanding pursuant to this Agreement (the "Indebtedness").

The monthly payment due is:

Interest Only Payments \$ _____

Note: The interest will accrue monthly on the Indebtedness. This interest payment is the amount as of the date of the Loan.

OR

Principal and Interest Payments \$ _____

Each Instalment shall be due on the _____ day of each calendar month starting on _____, 20____ (the monthly "Payment Date"). Each Instalment shall be applied first against the monthly payment of interest due on the Loan as of that Payment Date (the "Interest Payment") and the balance, if any, shall be applied against the Principal (the "Principal Payment").

If the Prime Rate increases after the date hereof and the amount of each Instalment to be paid hereunder is insufficient to satisfy the Interest Payment due as of such Payment Date, the amount of the shortfall shall be added to the outstanding Principal and such additional amounts shall bear interest at the Variable Interest Rate and shall form part of the Indebtedness.

In the case of Principal and Interest Payment Loans: At this rate of payment, it is expected that the Indebtedness will be repaid in approximately _____ years in approximately equal monthly payments.

In the case of Interest Only Payment Loans:

If the Indebtedness is equal to or exceeds:

- in the case of 100% No Margin Call, Interest-Only Loans, 125% of the Net Asset Value of the Securities, or,

- in the case of 1 For 1, 2 For 1, or 3 For 1 No Margin Call, Interest-Only Loans, 100% of the Net Asset Value of the Securities, then this Loan will, at the discretion of the Bank, be converted to a **principal and interest loan** with the monthly payments based on interest at the Variable Interest Rate and on an amortization period of twenty (20) years and a term of twenty (20) years, with all other terms and conditions herein to apply. At this rate of repayment, it is expected that the Indebtedness will be repaid in approximately twenty (20) years from the conversion date, in approximately equal monthly payments. However, once the Loan has been converted to a principal and interest payment loan, and after I/we have made three (3) consecutive monthly Principal and Interest Payments and if the Indebtedness does not exceed (i) 125% of the Net Asset Value of the Securities in the case of 100% No Margin Call, Interest-Only Loans, or (ii) 100% of the Net Asset Value of the Securities in the case of 1 For 1, 2 For 1, or 3 For 1 No Margin Call, Interest-Only Loans, I/we may request *in writing* that the Bank revert the Loan to the original repayment modalities as described herein.

In the event of a material adverse change, reasonably anticipated or actual, the Bank may, on written notice to me/us, require me/us to convert the loan from interest-only to a principal and interest loan.

10. Personal pre-authorized debit authorization

I/We agree that whether the Instalments are to be drawn against my/our account at the Bank or at a financial institution other than the Bank, the calculations by the Bank of the Interest Payments will be conclusive for such purpose, absent of error. I/We authorize the Bank to debit on each Payment Date all amounts that may be owing to the Bank pursuant to this Agreement, which may vary from month to month, including, without limitation, the Instalments and fees payable pursuant to this Agreement, and to apply these amounts to my/our Indebtedness. I/We agree that payment shall be made by pre-authorized debits (the "PAD") or electronic withdrawals or in such manner as the Bank may determine. When a PAD initiated on a Payment Date is returned for any reason, I/we authorize the Bank to debit such returned amount prior to the next Payment Date. The PAD shall be drawn against the account held at the financial institution indicated on the attached void personal cheque and I/we authorize the financial institution to deal with this PAD as if it were signed by me/us. **I/We agree to waive the requirement under the Canadian Payments Association Rules to receive a written pre-notification prior to each PAD as set out in the Rules.** I/We represent and warrant that all persons whose signatures are required to sign on this account have signed this agreement. I/We agree to attach to this Agreement a void sample cheque for the Bank's records. I/We acknowledge that providing and delivering this authorization to the Bank constitutes delivery by me/us to the financial institution indicated on my/our cheque. I/We undertake to inform the Bank in writing of any change in the account information provided herein 10 days prior to the next Payment date.

I/We have certain recourse rights if any debit does not comply with this agreement. For example, I/we have the right to receive reimbursement for any debit that is not authorized or is not consistent with this PAD agreement. I/We may revoke my/our authorization at any time, subject to providing written notice of 30 days. To obtain more information on my/our recourse rights, or to obtain a sample cancellation form or information on my/our right to cancel a PAD Agreement, I/We may contact my/our financial institution or visit cdnpay.ca. Revocation of this authorization does not terminate any contract that exists between me/us and the Bank.

11. Disclosures**Borrowing money to buy mutual funds or segregated funds (leveraging)**

Regulatory authorities require notice to investors who consider borrowing money to buy mutual funds or segregated funds, to make investors aware of the risks involved in borrowing to invest.

Mutual funds or segregated funds may be purchased using available cash, or a combination of cash and borrowed money. When you purchase segregated funds, the value of the policy is determined with reference to units of segregated investment funds. If you use cash to pay for your purchase in full, your percentage gain or loss will equal the percentage increase or decrease in the value of your mutual funds or segregated funds. The purchase of mutual funds or segregated funds using borrowed money magnifies the gain or loss on your cash invested. This effect is called leveraging. For example: If \$100,000 of mutual funds or segregated funds are purchased and paid for with \$25,000 from available cash (your money) and \$75,000 from borrowings, and the value of your mutual funds or segregated funds declines by 10% to \$90,000, your equity interest (the difference between the value of your mutual funds or segregated funds and the amount borrowed) has declined by 40%, i.e., from \$25,000 to \$15,000.

As it is apparent that leveraging magnifies gains or losses, it is important that you know that a leveraged purchase of mutual funds or segregated funds involves greater risk than a purchase using your own cash resources only. To what extent a leveraged purchase involves undue risk is a determination to be made on an individual basis by each purchaser, and will vary depending on the circumstances of the purchaser and the mutual funds or segregated funds purchased.

It is also important that you be aware of the terms and arrangements made where a Loan is secured by mutual funds or segregated funds. Using borrowed money to finance the purchase of securities involves greater risk than a purchase using cash resources only. If you borrow money to purchase securities, your responsibility to repay the loan and pay interest as required by its terms remains the same even if the value of the securities purchased declines. The lender may require that the amount outstanding on the Loan, relative to the value of the securities, does not rise above an agreed percentage of the market value of the securities. Should this occur, the borrower must either (1) pay down the Loan, (2) sell the funds, or (3) post additional cash or collateral, so as to return the Loan to the agreed percentage relationship. In the example above, the lender may require that the Loan not exceed 75% of the market value of the funds. If the market value of the funds was to fall to \$90,000, the Loan/value ratio would go up to 83.3% ($\$75,000/\$90,000 \times 100\%$). The borrower must reduce the Loan to \$67,500 (75% of the \$90,000) - or provide an additional \$10,000 of acceptable collateral to give to the lender. If the borrower does not have additional cash available (or collateral), he must sell funds at a loss to provide money to reduce the Loan.

Money is, of course, also required to pay interest on the Loan. Under these circumstances, investors who leverage their investment are advised to have adequate financial resources available both to pay interest and also to reduce the Loan if the borrowing arrangements require such a payment. No matter what the value of your mutual funds or segregated funds is, you will, in all circumstances, remain liable to reimburse all amounts due on your Loan.

It is important that you understand the risks and rewards of borrowing (leverage) as outlined above, and that you undertake this investment program with that full understanding.

I cannot depend on any principal repayment guarantees or other guaranteed benefits until such time as all conditions for the payment of such guarantees or benefits are satisfied. Any early surrender made by the Bank to repay the Loan may affect guarantees, which may result in a loss of original invested capital and/or other guaranteed benefits, including but not limited to guaranteed minimum withdrawal benefits, and may have tax consequences.
