

CI Tech Giants Covered Call ETF

Management Report of Fund Performance for the period/year ended December 31, 2024

This annual management report of fund performance contains financial highlights but does not contain the complete annual financial statements of the investment fund. You can get a copy of the annual financial statements at your request, and at no cost, by calling 1-800-792-9355, by writing to us at CI Investments Inc., 15 York Street, Second Floor, Toronto, ON, M5J 0A3 or by visiting our website at www.ci.com or SEDAR+ at www.sedarplus.ca.

Securityholders may also contact us using one of these methods to request a copy of the investment fund's proxy voting policies and procedures, proxy voting disclosure record, or quarterly portfolio disclosure.

INVESTMENT OBJECTIVE AND STRATEGIES

The investment objective of the CI Tech Giants Covered Call ETF (the Fund) is to provide unitholders with (i) quarterly cash distributions, (ii) the opportunity for capital appreciation by investing on an equal weight basis in a portfolio of equity securities of at least the 25 largest technology companies measured by market capitalization listed on a North American stock exchange, and (iii) lower overall volatility of returns on the portfolio than would be experienced by owning a portfolio of securities of such issuers directly, by employing a covered call option writing program. The issuers included in the portfolio, which are based on their market capitalization, may be adjusted based on the Portfolio Manager's view on the liquidity of the issuers' equity securities and their related call options.

The Fund invests in a portfolio of equity securities of at least the 25 largest technology companies measured by market capitalization listed on a North American stock exchange. Technology company means an issuer classified within either the Information Technology Global Industry Classification Standard (GICS) sector or the Internet & Direct Marketing Retail, Interactive Home Entertainment and Interactive Media & Services GICS sub-industry groups, but excluding those in the Data Processing & Outsourced Services GICS sub-industry group, provided however, that the determination of what constitutes a technology company shall be at the sole discretion of the Portfolio Manager.

Each month the Portfolio Manager employs a covered call option writing program on approximately, and not more than, 25% (determined at the time of writing) of the securities of each portfolio issuer, in order to seek to earn attractive tax effective income from dividends, distributions and call option premiums, to lower the overall volatility of returns associated with owning a portfolio of these securities, and to generate capital appreciation. Call options may be sold on each individual portfolio security or may be sold on a basket basis, encompassing more than one portfolio security, in the discretion of the Portfolio Manager.

The issuers included in the portfolio, which are based on their market capitalization, may be adjusted based on the Portfolio Manager's view on the liquidity of the issuers' equity securities and their related call options.

The Fund's portfolio will be rebalanced as soon as practicable, in the determination of the Portfolio Manager, at the end of each calendar quarter, so that immediately following such rebalancing, the Fund's portfolio issuers are approximately equally weighted. In order to facilitate distributions and/or pay expenses of the Fund, the Portfolio Manager may sell portfolio securities of the Fund at its discretion in which case the weighting of the portfolio will be affected.

For a complete discussion of the Fund's investment objective and strategies, please refer to the Fund's most recently filed simplified prospectus.

RISK

No changes affecting the overall level of risk associated with investing in the Fund were made during the period/year. The risks of the Fund remain as discussed in the Fund's most recently filed simplified prospectus or its amendments. The Manager reviews the risk rating for the Fund on an annual basis, at a minimum, based on the methodology mandated by the Canadian Securities Administrators to determine the risk level of the Fund. Any change to the risk rating made during the period/year was as a result of such review and was not a result of any change to the investment objective, strategies or management of the Fund.

RESULTS OF OPERATIONS

The Fund's net assets increased by \$47.2 million to \$742.2 million from December 31, 2023 to December 31, 2024. The Fund had net sales of \$2.7 million for the year. The portfolio's performance increased assets by \$134.8 million. The Fund paid distributions totalling \$90.3 million. Hedged Common Units returned 18.8% after fees and expenses for the one-year period ended December 31, 2024. Over the same time period, the Fund's benchmark returned 36.3%. The benchmark is the S&P 500 Information Technology Sector Index (NTR) (USD) (the Benchmark or the Index).

Please refer to the "Past Performance" section which outlines the performance of the Fund's other units.

CI Tech Giants Covered Call ETF

Management Report of Fund Performance for the period/year ended December 31, 2024

During the year, equity markets rebounded, with the S&P 500 Index rising 25%, hitting an all-time high. Performance was led by communication services and information technology stocks. Financials also performed well as the U.S. Federal Reserve Board (Fed) cut interest rates. The Fed cut its federal funds rate by 100 basis points (bps) over the year, taking the federal funds rate from 5.50% to 4.50%.

Canadian equities, as measured by the S&P/TSX Composite Index, hit an all-time high in 2024, rising 21.7% for the year. The information technology, financials and energy sectors led performance. The Bank of Canada (BoC) brought its overnight lending rate down by 175 bps, from 5.00% to 3.25%, over the course of the year.

Canadian two-year and five-year bond yields fell 96 bps and 21 bps, to 2.93% and 2.97%, respectively. Conversely, 10-year and 30-year yields rose 13 bps and 31 bps, to 3.21% and 3.31%, respectively. Yield curves reverted to a positive slope as interest rate cuts pulled down front-end yields.

In November, corporate credit spreads (the difference in yields between corporate bonds and government bonds of similar maturity) narrowed to all-time lows in the United States, signalling investor optimism for corporate earnings and the U.S. economy.

Inflation in Canada declined significantly, from 3.4% to 1.9%. In the United States, inflation declined from 3.4% to 2.7%, still well above the Fed's 2% target.

The Fund underperformed its benchmark for the year. Exposure to the financials sector detracted from the Fund's performance. The largest individual detractors from the Fund's performance were positions in Intel Corp., Dell Technologies Inc. and Adobe Inc.

Exposures to the information technology and communication services sectors contributed to the Fund's performance. Top individual contributors to the Fund's performance included holdings in NVIDIA Corp., Broadcom Inc. and Meta Platforms Inc.

RECENT DEVELOPMENTS

In the United States, the Overnight Index Swap market is pricing in only 35 bps total in interest rate cuts in 2025, with no cuts until June. In Canada, 67 bps in interest rate cuts have been priced in for next year, anticipating a 25-bp cut in both January and June.

Donald Trump's economic plan appears to combine corporate tax cuts with massive tariff increases. If enacted, it could create massive budget deficits (US\$5.8 trillion over 10 years) and would likely result in even higher bond yields due to the higher supply of government bonds issued to finance it. Trump's protectionist plans for raising tariffs would likely generate retaliatory tariffs, which could drive U.S. inflation higher and could seriously damage the Canadian economy. This would be detrimental to both government bonds and corporate bonds and equities.

Slower economic activity than expected would hurt equities and could widen out corporate spreads from historic lows, causing corporate bonds to underperform versus government bonds.

Privatization

On November 25, 2024, CI Financial Corp. announced that it had entered into a definitive agreement with an affiliate of Mubadala Capital, the alternative asset management arm of Mubadala Investment Company, to acquire all issued and outstanding common shares of CI Financial Corp., other than shares held by members of senior management of CI Financial Corp. who enter into equity rollover agreements. Subject to court and shareholder approvals, regulatory clearances and other customary closing conditions, the transaction is expected to close in the second quarter of 2025. The Manager does not expect the transaction to impact it or the Fund's business, operations or affairs at this time.

RELATED PARTY TRANSACTIONS

Manager, Portfolio Manager and Trustee

CI Investments Inc. is the Manager, Portfolio Manager and Trustee of the Fund. CI Investments Inc. is a subsidiary of CI Financial Corp. The Manager, in consideration of management fees, provided management services required in the day-to-day operations of the Fund.

Management fee rate/rates as at December 31, 2024, for Series/Class or each of the Series/Classes, as applicable, is/are shown below:

	Annual management fee rate (%):
Hedged Common Units	0.650
Hedged US\$ Common Units	0.650
Unhedged Common Units	0.650

The Manager received \$4.8 million in management fees for the year.

Management Fees

100% of total management fees were used to pay for investment management and other general administration.

Independent Review Committee

The Manager, in respect of the Fund, received the following standing instructions from the Independent Review Committee (IRC) with respect to related party transactions:

The applicable standing instructions require, amongst others, that related party transactions be conducted in accordance with the Manager's policies and procedures and applicable law and that the Manager reports related party transactions periodically to the IRC and advise the IRC of any material breach of such policies. The Manager's policies and procedures require that investment decisions in respect of related party transactions (a) are free from any influence by an entity related to the Manager and without taking into account any consideration relevant to an entity related to the Manager; (b) represent the business judgment of the Manager, uninfluenced by considerations other than the best interests of the Fund; (c) do not exceed the limitations of the applicable legislation; and (d) achieve a fair and reasonable result for the Fund.

Except as otherwise noted above under Related Party Transactions section, the Fund was not a party to any related party transactions during the period/year ended December 31, 2024. If the Fund invested in related party transactions, it relied on the IRC's standing instructions regarding related party transactions during this reporting period/year.

(1) This information is derived from the Fund's audited annual financial statements.

(2) Net assets per unit and distributions per unit are based on the actual number of units outstanding for the relevant Series/Class at the relevant time. The increase (decrease) in net assets from operations per unit is based on the weighted average number of units outstanding for the relevant Series/Class over the fiscal period/year.

(3) Distributions are automatically reinvested in additional units of the Fund.

(4) This information is provided for the period(s)/year(s) ended December 31.

(5) Per units amounts are presented in U.S. dollars.

(1) This information is derived from the Fund's audited annual financial statements.

(2) Management expense ratio is calculated based on expenses charged to the Fund (excluding commissions and other portfolio transaction costs) and is expressed as an annualized percentage of daily average net assets for the period/year, including the Fund's proportionate share of any underlying fund(s) expenses, if applicable. The Effective HST tax rate is calculated using the attribution percentage for each province based on unitholder residency and can be different from 13%.

(3) The trading expense ratio represents total commissions and other portfolio transaction costs expressed as an annualized percentage of daily average net assets during the period/year, including the Fund's proportionate share of such expenses of any underlying fund(s), if applicable.

(4) The Fund's portfolio turnover rate indicates how actively the Fund's portfolio advisor manages its portfolio investments. A portfolio turnover rate of 100% is equivalent to the Fund buying and selling all of the securities in its portfolio once in the course of the fiscal period/year. The higher a Fund's portfolio turnover rate in a period/year, the greater the trading costs payable by the Fund in the period/year, and the greater the chance of an investor receiving taxable capital gains in the period/year. There is not necessarily a relationship between a higher turnover rate and the performance of a Fund. Portfolio turnover rate is calculated by dividing the lesser of the cost of purchases and the proceeds of sales of portfolio securities for the period/year, and excluding cash and short-term investments maturing in less than one year, and before assets acquired from a merger, if applicable, by the average of the monthly fair value of investments during the period/year.

(5) This information is provided for the period(s)/year(s) ended December 31.

(6) Closing market price.

(7) Per units amounts are presented in U.S. dollars.

Management Report of Fund Performance for the period/year ended December 31, 2024

PAST PERFORMANCE

This section describes how the Fund has performed in the past. Remember, past returns do not indicate how the Fund will perform in the future. The information shown assumes that distributions made by the Fund in the period(s)/year(s) shown were reinvested in additional units of the Fund or relevant Series/Class of the Fund, as applicable. In addition, the information does not take into account sales, redemption, distribution or other optional charges that would have reduced returns or performance.

Year-by-Year Returns

The following chart/charts shows/show the Fund's annual performance for each of the period(s)/year(s) shown and illustrates/illustrate how the Fund's performance has changed from period/year to period/year. In percentage terms, the chart/charts shows/show how much an investment made on the first day of each financial period/year would have grown or decreased by the last day of each financial period/year, except where noted.

1 2022 return is for the period from March 03, 2022 to December 31, 2022.

2 2017 return is for the period from August 31, 2017 to December 31, 2017.

CI Tech Giants Covered Call ETF

Management Report of Fund Performance for the period/year ended December 31, 2024

Annual Compound Returns

The following table shows the Fund’s annual compound returns for each year indicated, compared to the NASDAQ Composite Index (NTR) and the S&P 500 Information Technology Sector Index (NTR).

The NASDAQ Composite Index is the market capitalization-weighted index of over 2,500 common equities listed on the Nasdaq stock exchange. The types of securities in the Index include American depositary receipts, common stocks, real estate investment trusts and tracking stocks, as well as limited partnership interests. The Index includes all Nasdaq-listed stocks that are not derivatives, preferred shares, funds, exchange-traded funds or debenture securities.

The S&P 500 Information Technology Sector Index is a market capitalization weighted index. The constituents of the Index are a subset of the constituents of the S&P 500 Index that have been classified as part of the information technology sector according to the Global Industry Classification Standard.

A discussion of the performance of the Fund as compared to the benchmark is found in the Results of Operations section of this report.

	One Year (%)	Three Years (%)	Five Years (%)	Ten Years (%)	Since Inception (%)

A NOTE ON FORWARD-LOOKING STATEMENTS

This report may contain forward-looking statements about the Fund, its future performance, strategies or prospects, and possible future Fund action. The words “may,” “could,” “should,” “would,” “suspect,” “outlook,” “believe,” “plan,” “anticipate,” “estimate,” “expect,” “intend,” “forecast,” “objective,” and similar expressions are intended to identify forward-looking statements.

Forward-looking statements are not guarantees of future performance. Forward-looking statements involve inherent risks and uncertainties, both about the Fund and general economic factors, so it is possible that predictions, forecasts, projections and other forward-looking statements will not be achieved. We caution you not to place undue reliance on these statements as a number of important factors could cause actual events or results to differ materially from those expressed or implied in any forward-looking statement made by the Fund. These factors include, but are not limited to, general economic, political and market factors in Canada, the United States and internationally, interest and foreign exchanges rates, global equity and capital markets, business competition, technological changes, changes in laws and regulations, judicial or regulatory judgments, legal proceedings and catastrophic events.

The above list of important factors that may affect future results is not exhaustive. Before making any investment decisions, we encourage you to consider these and other factors carefully. All opinions contained in forward-looking statements are subject to change without notice and are provided in good faith but without legal responsibility.
