<b>Date Series Started:</b>	June 7, 2010		<b>Portfolio Manager:</b>	CI Global Asset Management
<b>Total Value of Fund on March 31, 2022:</b>	\$106,644,924		<b>Distributions:</b>	Each month; excess income and/or capital gains (if any), each December
<b>Management Expense Ratio (MER):</b>	2.39%		<b>Minimum Investment</b>	\$500 initial, \$25 additional

\* Closed to new purchases effective April 2016.

**WHAT DOES THE FUND INVEST IN?**

The Fund invests primarily in real estate investment trusts (“REITs”), equity securities of corporations carrying on business in the real estate sector and debt or convertible debt issued by REITs and real estate corporations. The Fund may invest up to 30% of the net asset value in equity securities and convertible debentures of non-Canadian REITs and corporations carrying on business in the real estate sector, so long as such securities are listed or quoted on a major North American exchange. At the Fund Manager's discretion, the Fund may be invested entirely in cash or cash equivalents.

The charts below give you a snapshot of the Fund's investments on March 31, 2022. The Fund's investments will change.

<b><u>Top 10 Investments</u></b>	<b><u>% of NAV</u></b>	<b><u>Investment Mix</u></b>	<b><u>% of NAV</u></b>
Tricon Residential Inc.	4.9	Income Trust	75.5
Summit Industrial Income REIT	4.8	Equities	18.4
BSR REIT	4.8	Cash and Cash Equivalents	6.1
Granite REIT	4.7

Morguard North American Residential REIT	4.3		
Killam Apartment REIT	4.2		
InterRent REIT	3.9		
Canadian Apartment Properties REIT	3.8		
Chartwell Retirement Residences	3.8		
<b>Total percentage of top 10 investments:</b>	<b>43.7</b>		
<b>Total number of investments:</b>	<b>33</b>		

**HOW RISKY IS IT?**

The value of the Fund can go down as well as up. You could lose money.

One way to gauge risk is to look at how much a fund's returns change over time. This is called “volatility”.

In general, funds with higher volatility will have returns that change more over time. They typically have a greater chance of losing money and may have a greater chance of higher returns. Funds with lower volatility tend to have returns that change less over time. They typically have lower returns and may have a lower chance of losing money.

**RISK RATING**

The Fund Manager has rated the volatility of this Fund as **Medium**.

This rating is based on how much the Fund's returns have changed from year to year. It doesn't tell you how volatile the Fund will be in the future. The rating can change over time. A fund with a low risk rating can still lose money.

Low	Low to Medium	<b>Medium</b>	Medium to High	High
-----	---------------	---------------	----------------	------

For more information about the risk rating and specific risks that can affect the Fund's returns, see the *What is a Mutual Fund and What are the Risks of Investing in a Mutual Fund?* section of the Fund's simplified prospectus.

**NO GUARANTEES**

Like most mutual funds, this Fund doesn't have any guarantees. You may not get back the money you invest.

**HOW HAS THE FUND PERFORMED?**

This section tells you how Series A units of the Fund have performed over the past 10 calendar years. Returns are after expenses have been deducted. These expenses reduce the Fund's returns.

**Year-by-Year Returns**

This chart shows how Series A units of the Fund performed in each of the past 10 calendar years. This Fund series dropped in value in 1 of the last 10 calendar years. The range of returns and change from year to year can help you assess how risky the Fund has been in the past. It does not tell you how the Fund will perform in the future.

**Best and Worst 3-month Returns**

This table shows the best and worst returns for Series A units of the Fund in a 3-month period over the past 10 calendar years to March 31, 2022. The best and worst 3-month returns could be higher or lower in the future. Consider how much of a loss you could afford to take in a short period of time.

	Return	3 months ending	If you invested \$1,000 at the beginning of the period
Best Return	12.5%	March 31, 2019	Your investment would rise to \$1,125
Worst Return	-21.9%	March 31, 2020	Your investment would drop to \$781

**Average Return**

As at March 31, 2022, a person who invested \$1,000 in Series A units of the Fund 10 years ago has \$2,726. This works out to an annual compound rate of return of 10.55%.

**WHO IS THIS FUND FOR?**

The Fund is suitable for investors who:

- Are seeking a growth fund investing in the real estate sector;
- Have a long-term investment horizon; and
- Are prepared for a medium level of risk.

**A WORD ABOUT TAX**

In general, you'll have to pay income tax on any money you make on a fund. How much you pay depends on the tax laws where you live and whether or not you hold the fund in a registered plan such as a Registered Retirement Savings Plan, or a Tax-Free Savings Account.

Keep in mind that if you hold your fund in a non-registered account, fund distributions (including taxable capital gains) are included in your taxable income, whether you get them in cash or have them reinvested.

**HOW MUCH DOES IT COST?**

The following tables show the fees and expenses you could pay to buy, own and sell Series A units of the Fund. The fees and expenses – including any commissions – can vary among series of a fund and among funds. Higher commissions can influence representatives to recommend one investment over another. Ask about other funds and investments that may be suitable for you at a lower cost.

1. **Sales Charges** – You have to choose a sales charge option when you buy Series A units of the Fund. Ask about the pros and cons of each option.

Sales Charge Option	What You Pay		How it Works
	In Percent (%)	In Dollars (\$)	
<b>Deferred Sales Charge Option</b>  <i>Closed to new purchases effective April 2016.</i>	If you sell within: 1 year of buying, 5.50% 2 years of buying, 5.00% 3 years of buying, 4.50% 4 years of buying, 3.75% 5 years of buying, 3.00% 6 years of buying, 2.25% 7 years of buying, 1.50% After the 7 <sup>th</sup> year, NIL	\$0 to \$55 on every \$1,000 you sell	If you buy units under this option, you do not pay a commission to the representative at the time of purchase, but the Fund Manager will pay the representative an initial commission and ongoing service fees.  If you sell your units acquired pursuant to this option, you will pay a redemption fee depending on when you sell it as set out in the “What You Pay” column. The redemption fee is based on the original issue price of the units being redeemed and is paid to the Fund Manager.  Up to 10% of your investment may be redeemable in each calendar year without a redemption charge.  You can switch to units with a similar sales charge option of other CI mutual funds at any time without paying a deferred sales charge. The deferred sales charge schedule will be based on the date you bought the first fund.
<b>Initial Sales Charge Option</b>	0% to 5% of the amount you buy	\$0 to \$50 on every \$1,000 you buy	You and your representative decide on the rate. The initial sales charge is deducted from the amount you buy. It goes to your investment firm as a commission.

2. **Fund Expenses** – You don't pay these expenses directly. They affect you because they reduce the Fund's returns. As of December 31, 2021, the expenses of the Series A units of the Fund were 2.43% of their value. This equals \$24.30 for every \$1,000 invested.

	<b>Annual Rate (as a % of the Fund's value)</b>
<b>Management Expense Ratio (MER)</b> – This is the total of the management fee (which includes the trailing commission), administration fee and Certain Fund Costs for the Series A units of the Fund.	2.39%
<b>Trading Expense Ratio (TER)</b> – These are the Fund's trading costs.	0.04%
<b>Fund Expenses</b>	<b>2.43%</b>

Effective April 16, 2021, the Fund pays a fixed rate administration fee of 0.13% and Certain Fund Costs, in lieu of operating expenses, as set out in the Fund's simplified prospectus.

**More about the trailing commission** – The trailing commission is an ongoing commission. It is paid for as long as you own the Fund. It is for the services and advice that your representative and dealer provide to you.

The Fund Manager pays the trailing commission to your dealer. It is paid from the Fund's management fee and is based on the value of your investment. Rate depends on the sales charge option you choose. The trailing commission paid to a representative, as an annual percentage of the net asset value of the Series A units owned, is as follows:

Sales Charge Option	Amount of Trailing Commission	
	In Percent (%)	In Dollars (\$)
<b>Deferred Sales Charge Option</b>  <i>Closed to new purchases effective April 2016.</i>	0.60% during the first seven years after the Series A units have been issued and are outstanding, and 1.00% thereafter.	This equals \$6 each year for every \$1,000 invested in the first seven years, and \$10 each year thereafter.
<b>Initial Sales Charge Option</b>	1.00%.	This equals \$10 each year for every \$1,000 invested.

3. **Other Fees** - You may have to pay other fees when you buy, hold, sell or switch Series A units of the Fund.

Fee	What You Pay?
<b>Transfer Fee</b>	Your dealer may charge you up to 2% of the net asset value of units you switch to another Fund.
<b>Reclassification fee</b>	If you are transferring Series A units to a different series of units of the same Fund, you may have to pay to the Fund Manager a reclassification fee if you bought your units under the Deferred Sales Charge Option. The reclassification fee is equal to the redemption fee you would pay if you sold such units.
<b>Short-Term Trading Fee</b>	Up to 2% of the net asset value of the units you redeem within 30 days of purchase. This fee goes to the Fund.

#### **WHAT IF I CHANGE MY MIND?**

Under securities law in some provinces and territories, you have the right to:

- (i) withdraw from an agreement to buy mutual funds within two business days after you receive a simplified prospectus or fund facts document, or
- (ii) cancel your purchase within 48 hours after you receive confirmation of the purchase.

In some provinces and territories, you also have the right to cancel a purchase, or in some jurisdictions, claim damages, if the simplified prospectus, fund facts document or financial statements contain a misrepresentation. You must act within the time limit set by the securities law in your province or territory.

For more information, see the securities law of your province or territory or ask a lawyer.

#### **FOR MORE INFORMATION**

Contact the Fund Manager or your representative for the Fund's simplified prospectus and other disclosure documents. These documents and the fund facts make up the Fund's legal documents.
