Ongoing fund expenses

The fund expense ratio (FER) is the sum of the management expense ratio (MER) and the trading expense ratio (TER). The TER includes the commissions and other portfolio transaction costs payable from the assets of the fund. The MER includes the management fee and operating expenses of the fund. The MER includes the insurance cost of the guarantee. You do not pay these expenses directly. They affect you because they reduce the return you get on your investment. For details, please refer to the Information Folder and Contract.

Guarantee option	MER (Annual rate as a % of the fund's value) (includes taxes)	TER%	FER%	Annual fee rate for death and maturity insurance included in MER (excludes taxes)
