**Before you invest in any fund, you should consider how it works with your other investments and your tolerance for risk.**

This fund is an alternative mutual fund. It has the ability to invest in asset classes or use investment strategies that are not permitted for conventional mutual funds. The specific strategies that differentiate this fund from conventional mutual funds include: increased use of derivatives for hedging and non-hedging purposes; increased ability to sell securities short; and the ability to borrow cash to use for investment purposes. While these strategies will be used in accordance with the fund's investment objectives and strategies, during certain market conditions they may accelerate the pace at which your investment decreases in value.

## What does the fund invest in?

The fund seeks to provide positive absolute returns over the long-term, while minimizing downside risk by primarily investing in alternative mutual funds and/or ETFs. The fund, either directly or indirectly, is expected to utilize alternative strategies and will use leverage. The leverage will be created generally through the use of cash borrowings, short sales and derivative contracts. The fund's leverage must not exceed three times the respective fund's net asset value. The fund's leverage will be calculated in accordance with the methodology prescribed by securities regulations, or any exemptions therefrom.

## How risky is it?

The value of the fund can go down as well as up. You could lose money.

One way to gauge risk is to look at how much a fund's returns change over time. This is called "volatility".

In general, funds with higher volatility will have returns that change more over time. They typically have a greater chance of losing money and may have a greater chance of higher returns. Funds with lower volatility tend to have returns that change less over time. They typically have lower returns and may have a lower chance of losing money.

## Risk rating

CI Global Asset Management has rated the volatility of this fund as **low to medium**.

Generally, the rating is based on how much the fund's returns have changed from year to year. It doesn't tell you how volatile the fund will be in the future. The rating can change over time. A fund with a low risk rating can still lose money.

| Low | **Low to medium** | Medium | Medium to high | High |
|---|---|---|---|---|

For more information about the risk rating and specific risks that can affect the fund's returns, see the "What is a Mutual Fund and What are the Risks of Investing in a Mutual Fund?" section of the fund's simplified prospectus.

## No guarantees

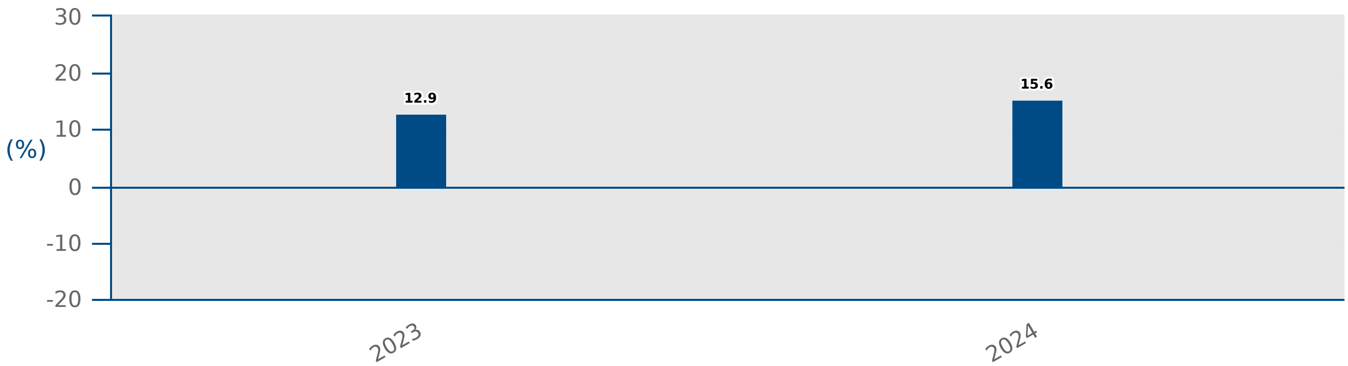
Like most mutual funds, this fund doesn't have any guarantees. You may not get back the amount of money you invest.

## How has the fund performed?

This section tells you how Series IH securities of the fund have performed over the past 2 calendar year(s). Returns are after expenses have been deducted. These expenses reduce the fund's returns.

### Year-by-year returns

This chart shows how Series IH securities of the fund performed in the past 2 calendar year(s). This fund series has not dropped in value in the last 2 calendar year(s). The range of returns and change from year to year can help you assess how risky the fund has been in the past. It does not tell you how the fund will perform in the future.



### Best and worst 3-month returns

This table shows the best and worst returns for Series IH securities of the fund in a 3- month period over the past 2 calendar year(s). The best and worst 3-month returns could be higher or lower in the future. Consider how much of a loss you could afford to take in a short period of time.

| | Return | 3 months ending | If you invested $1,000 at the beginning of the period |
|---|---|---|---|
| **Best return** | 10.0% | January 31, 2024 | Your investment would be $1,100. |
| **Worst return** | -3.4% | October 31, 2023 | Your investment would be $966. |

### Average return

As at May 31, 2025, a person who invested $1,000 in Series IH securities of the fund since inception has $1,323. This works out to an annual compounded rate of return of 10.9%.

## Who is this fund for?

**This fund may be suitable for you if you:**

- want to invest in an optimized portfolio of alternative mutual funds and/or ETFs, designed for positive absolute returns over the long-term while minimizing downside risk
- are investing for the medium and/or long-term
- can tolerate low to medium risk

## A word about tax

In general, you'll have to pay income tax on any money you make on a fund. How much you pay depends on the tax laws of where you live and whether you hold the fund in a registered plan, such as a Registered Retirement Savings Plan or a Tax-Free Savings Account.

Keep in mind that if you hold your fund in a non-registered account, fund distributions are included in your taxable income, whether you get them in cash or have them reinvested.

## How much does it cost?

The following tables show the fees and expenses you could pay to buy, own and sell Series IH securities of the fund. The fees and expenses — including any commissions — can vary among series of a fund and among funds. Higher commissions can influence representatives to recommend one investment over another. Ask about other funds and investments that may be suitable for you at a lower cost.

### 1. Sales charges

There are no sales charges applicable to your series of securities.

### 2. Fund expenses

You don't pay these expenses directly. They affect you because they reduce the fund series' returns.

As at December 31, 2024, the total fund series' expenses were 1.78%. This equals $17.80 for every $1,000 invested.

| | Annual rate (as a % of the fund series' value) |
|---|---|
| **Management expense ratio (MER)**<br>This is the total of the fund series' Certain Fund Costs. | 1.51% |
| **Trading expense ratio (TER)**<br>These are the fund series' trading costs. | 0.27% |
| **Fund expenses** | 1.78% |

### More about trailing commission

CI Global Asset Management does not pay a trailing commission on your series of securities out of the fund's management fee.

### 3. Other fees

You may have to pay other fees when you buy, hold, sell or switch securities of the fund.

| Fee | What you pay |
|---|---|
| **Short-term trading fee** | Up to 2% of the net asset value of the securities you redeem, if we determine that you have engaged in inappropriate short-term trading, which may occur if you sell or transfer your securities within 30 days of buying them. This fee goes to the fund. |
| **Transfer fee** | Your representative's firm may charge you up to 2% of the net asset value of securities you switch to another fund. |
| **Investment advisory fee** | You may be charged an investment advisory fee, the amount of which is negotiated between you and your representative (acting on behalf of the representative's firm) and may be collected by us on behalf of your representative's firm (by redeeming (without charges) a sufficient number of securities from your account on a monthly or quarterly basis). If administered by us, the investment advisory fee must not exceed 1.25% annually of the net asset value of Series IH securities of the fund in your account. |
| **Series IH account agreement fee** | You will be charged a management fee and administration fee directly by us, the total amount of which is negotiated between you and us, and payable directly to us by the redemption of securities (without charges) up to a maximum of 1.35% annually of the net asset value of Series IH securities of the fund in your account depending on the asset class of your investment. However, if your investment falls below the minimum investment required for this class of securities, an additional fee of 0.15% per year may be applied. |
| **NSF cheque fee** | There is a $25 charge for all cheques returned because of insufficient funds. |

## What if I change my mind?

Under securities law in some provinces and territories, you have the right to:

- withdraw from an agreement to buy mutual funds securities within two business days after you receive a simplified prospectus or Fund Facts document, or
- cancel your purchase within 48 hours after you receive confirmation of the purchase.

In some provinces and territories, you also have the right to cancel a purchase, or in some jurisdictions, claim damages, if the simplified prospectus, Fund Facts document or financial statements contain a misrepresentation. You must act within the limit set by the securities law in your province or territory.

For more information, see the securities law of your province or territory or ask a lawyer.
