How risky is it?

The value of the fund can go down as well as up. You could lose money.

One way to gauge risk is to look at how much a fund's returns change over time. This is called "volatility".

In general, funds with higher volatility will have returns that change more over time. They typically have a greater chance of losing money and may have a greater chance of higher returns. Funds with lower volatility tend to have returns that change less over time. They typically have lower returns and may have a lower chance of losing money.

Risk rating

CI Investments Inc. has rated the volatility of this fund as medium to high.

Generally, the rating is based on how much the fund's returns have changed from year to year. It doesn't tell you how volatile the fund will be in the future. The rating can change over time. A fund with a low risk rating can still lose money.

For more information about the risk rating and specific risks that can affect the fund's returns, see the "What is a Mutual Fund and What are the Risks of Investing in a Mutual Fund?" section of the fund's simplified prospectus.

No guarantees

Like most mutual funds, this fund doesn't have any guarantees. You may not get back the amount of money you invest.

How has the fund performed?

This section tells you how Series AH securities of the fund have performed since inception. Returns are after expenses have been deducted. These expenses reduce the fund's returns.

Year-by-year returns

Because this series is new, there is no data available for this section.

Best and worst 3-month returns

Because this series is new, there is no data available for this section.

Average return

This section shows the value and annual compounded rate of return of a hypothetical \$1,000 investment in this series of units of the fund. However, this information is not available because the series is new.

Who is this fund for?

This fund may be suitable for you if you:

- want to invest in technology companies
- are investing for the medium and/or long term
- can tolerate medium to high risk

A word about tax

In general, you'll have to pay income tax on any money you make on a fund. How much you pay depends on the tax laws of where you live and whether you hold the fund in a registered plan, such as a Registered Retirement Savings Plan or a Tax-Free Savings Account.

Keep in mind that if you hold your fund in a non-registered account, fund distributions are included in your taxable income, whether you get them in cash or have them reinvested.

How much does it cost?

The following tables show the fees and expenses you could pay to buy, own and sell Series AH securities of the fund. The fees and expenses — including any commissions — can vary among series of a fund and among funds. Higher commissions can influence representatives to recommend one investment over another. Ask about other funds and investments that may be suitable for you at a lower cost.

1. Sales charges

You may have to choose a sales charge option when you buy Series AH securities of the fund. Ask about the pros and cons of each option.

| What you pay | | How it works |
|--|---|--|
| in percent (%) | in dollars (\$) | |
| Initial sales charge | | |
| 0 to 5.0% of the amount you buy | \$0 to \$50.00 on every \$1,000 you pay | <ul style="list-style-type: none"> You and your representative decide on the rate. The initial sales charge is deducted from the amount you buy. It goes to your representative's firm as a commission. |
| Standard deferred sales charges | | |
| If you sell within: | \$0 to \$55.00 on every \$1,000 of original cost you sell | <ul style="list-style-type: none"> The standard deferred sales charge is a set rate and is deducted from the amount you sell based on the initial cost and number of those securities. When you buy the fund, we pay your representative's firm a commission of 5%. Any standard deferred sales charge you pay when you sell the fund goes to us. You can sell up to 10% of your securities each year without paying a standard deferred sales charge subject to certain restrictions ("10% free redemption right"). Your 10% free redemption right is reduced by the equivalent number of securities you would have received if you had reinvested any cash distributions you received during the calendar year. If you exercised your 10% redemption right and redeem your securities before the standard deferred sales charge schedule has expired, your standard deferred sales charge on a full redemption would be the same as if you had not redeemed securities under your 10% free redemption right. If you hold the fund in a non-registered account, if applicable, you can ask to receive cash distributions which are not subject to standard deferred sales charges. You can switch between standard deferred sales charge funds at any time without paying this sales charge. The standard deferred sales charge schedule will be based on the date you bought securities of the first fund and the rates and duration of such schedule shall continue to apply. Your securities will be converted into the initial sales charge option after the expiry of the standard deferred sales charge schedule if you qualify for CI Prestige (and if available for your securities) and such securities will participate in CI Prestige. |
| 1 year of buying 5.5% | | |
| 2 years of buying 5.0% | | |
| 3 years of buying 5.0% | | |
| 4 years of buying 4.0% | | |
| 5 years of buying 4.0% | | |
| 6 years of buying 3.0% | | |
| 7 years of buying 2.0% | | |
| After 7 years 0.0% | | |
| Low-load sales charges | | |
| If you sell within: | \$0 to \$30.00 on every \$1,000 of original cost you sell | <ul style="list-style-type: none"> The low-load sales charge is a set rate and is deducted from the amount you sell based on the initial cost and number of those securities. When you buy the fund, we pay your representative's firm a commission of up to 2.5%. Any low-load sales charge you pay when you sell the fund goes to us. If you hold the fund in a non-registered account, if applicable, you can ask to receive cash distributions which are not subject to low-load sales charges. You can switch between low-load sales charge funds at any time without paying this sales charge. The low-load sales charge schedule will be based on the date you bought securities of the first fund and the rates and duration of such schedule shall continue to apply. Your securities will be converted into the initial sales charge option after the expiry of the low-load sales charge schedule if you qualify for CI Prestige (and if available for your securities) and such securities will participate in CI Prestige. |
| 1 year of buying 3.0% | | |

2. Fund expenses

You don't pay these expenses directly. They affect you because they reduce the fund series' returns.

The fund series' expenses are made up of the management fee, administration fee, trading costs, and Certain Fund Costs. The fund series' annual management fee is 1.90% of the fund series's value and the fund series' administration fee is 0.22% of the fund series' value. Because this fund series is new, its Certain Fund Costs and trading costs are not available.

More about trailing commission

The trailing commission is an ongoing commission. It is paid for as long as you own the fund. It is for the services and/or advice that your representative and their firm provide to you.

CI Investments Inc. pays the trailing commission to your representative's firm. It is paid from the fund's management fee and is based on the value of your investment. The rate depends on the sales charge option you choose.

| Sales charge option | Amount of trailing commission | |
|---------------------------------|---|--|
| | in percent (%) | in dollars (\$) |
| Initial sales charge | 0% to 1.00% of the value of your investment each year | \$0 to \$10.00 each year on every \$1,000 invested |
| Standard deferred sales charges | 0% to 0.50% of the value of your investment each year | \$0 to \$5.00 each year on every \$1,000 invested |
| Low-load sales charges | 0% to 0.50% of the value of your investment each year | \$0 to \$5.00 each year on every \$1,000 invested |

The standard deferred sales charge trailing commission rate, and the low-load sales charge trailing commission rate, each change to the initial sales charge trailing commission rate upon completion of your deferred sales charge schedule.

3. Other fees

You may have to pay other fees when you buy, hold, sell or switch securities of the fund.

| Fee | What you pay |
|------------------------|--|
| Short-term trading fee | Up to 2% of the net asset value of the securities you redeem, if we determine that you have engaged in inappropriate short-term trading, which may occur if you sell or transfer your securities within 30 days of buying them. This fee goes to the fund. |
| Transfer fee | Your representative's firm may charge you up to 2% of the net asset value of securities you switch to another fund. |
| Program minimum fee | If you participate in one of our managed programs, we may charge you an annual fee of up to 0.15% of the net asset value of the applicable series of securities of the fund within the program, payable to us quarterly by the redemption of securities (without charges), if your investment is less than the program minimum. |
| Reclassification fee | If you are switching Series A, AH, AT5, AT6, AT8, U, UT6 or Z securities to a different series of securities of the same fund, you may have to pay to us a reclassification fee if you bought your securities under a deferred sales charge option. This fee is equal to the sales charge you would pay if you sold such securities. |
| NSF cheque fee | There is a \$25 charge for all cheques returned because of insufficient funds. |

What if I change my mind?

Under securities law in some provinces and territories, you have the right to:

- withdraw from an agreement to buy mutual funds securities within two business days after you receive a simplified prospectus or Fund Facts document, or
- cancel your purchase within 48 hours after you receive confirmation of the purchase.

In some provinces and territories, you also have the right to cancel a purchase, or in some jurisdictions, claim damages, if the simplified prospectus, annual information form, Fund Facts document or financial statements contain a misrepresentation. You must act within the limit set by the securities law in your province or territory.

For more information, see the securities law of your province or territory or ask a lawyer.
